

# Mansfield Townscape Heritage Programme

## Support our Heritage Lottery Fund bid

Mansfield District Council is working up proposals for a Townscape Heritage programme that will restore the historic buildings on parts of Leeming Street, the Market Place and Stockwell Gate.

The programme will involve the whole community – putting heritage and restoration at the heart of the regeneration of the town centre.

The Council is bidding for National Lottery funding. If the bid is successful, the programme will last up to five years from early 2019 until 2023, with a total budget of over £1 million.

Funding raised by  
**The National Lottery**  
and awarded by the Heritage Lottery Fund

# Benefits for building owners

- Repairs to the fabric of a building, such as re-pointing masonry or joinery repairs
- Replacement of lost architectural features, such as traditional windows or shop fronts based on historical precedent
- Traditionally sign-written shop fascias and hanging signs

If the Council is successful in securing funding, a grant scheme for building conservation works will be available for around 75% of the cost.

To find out which properties might be eligible for funding, see the area map at [www.mansfield.gov.uk/TownscapeHeritage](http://www.mansfield.gov.uk/TownscapeHeritage)

Grants for buildings in the Townscape Heritage area will be awarded based on a number of criteria, including condition of the property, prominence and visibility of the improvements, quality of the proposals and value for money.
